**Why the product is recalled:** The Yellow Horizontal Guard Rail brace may disengage from the scaffold frame. A replacement to the spring mechanism in the yellow hook is recommended.

**Hazard:** If the Guard Rail brace detaches from the frame there is a risk of injury due to a fall from height or damage to property.

Contact Oldfields directly to arrange for inspection of the Guard Rail brace and replacement of the spring mechanism.

Affected products have a serial number range: start: 120563200 end: 120731996 and were manufactured between November 2020 – May 2024
