Zippy-Scaff Aluminium Base Unit

Zippy-Scaff Aluminium Mobile Scaffold 3.9m

Zippy-Scaff by Oldfields is a foldable scaffold solution, suitable for all trades and DIY enthusiasts.

Unlike ladders, the Zippy-Scaff increases stability and provides a secure working platform to support workers and loads up to 225kg.

Designed to integrate seamlessly with the Zippy-Scaff Aluminium Base Unit, the Guard Rail Pack, 2.9m Extension Pack & 3.9m Extension Pack are made to extend your reach even further and offer greater accessibility. Each addition (sold separately) is exclusively compatible with our Zippy-Scaff Aluminium Base Unit .

Our innovative system meets the highest quality safety standards and is designed to keep you safe and secure.
